REMARKS

This is UNEVALUATED Information

On 19 June 1954, 17 MiG-15s with Polish nationality markings were observed at Warsaw-Bornerowo airfield (5215N-2055E). The field could only partly be observed as buildings obstruct the view. 25X1

Comment. Warsaw-Bornerowo Airfield is occupied by 2 to 3 Polish fighter regiments which are equipped with MiG-15s. The regiments are subordinate to the 5th Polish Ftr Div. It is believed that the 17 MiG-15s observed are only part of the MiGs stationed at the field.
